## ABOUT US

**Youth Connect** is an organization and programming model that empowers young people from the ages of 13 to 21 with the skills and resources they need to meaningfully enrich their local, national, and international communities.

## OUR MISSION

Our mission is to bring young people together in a collaborative, empowering space where they can advocate for meaningful social causes while developing their professional skill set. Through youth-led educational programming, community service projects, multimedia, and professional networking, equips young people to serve vulnerable communities and build connections around the world.

# OUR VALUES

## OUR WORK IS INNOVATIVE BECAUSE IT IS YOUTH-LED

At YC, young people act as programming coordinators, communications directors, finance managers, and more. They receive guidance, rather than direction, from longtime adult career professionals.

## WE WORK COLLABORATIVELY, IN SERVICE OF OTHERS.

Members of YC learn how to navigate community partnerships in a balanced, service-oriented way, where their thoughts are valued alongside those of their partners—not above or below.

## EQUITY AND DIVERSITY ALWAYS GUIDE OUR APPROACH.

YC participants uplift a commitment to meaningful representation of different identities and abilities by being attentive to issues of equity and diversity throughout their decision-making.

# WHAT WE DO

**Training workshops open to all.**

YC hosts regular training workshops open to all ages that offer professional skills development, educational curricula, advocacy resources, and more. Topics include:
